marathon**

Please read the pre-race information carefully and bring a copy with you on race day. If you have any questions about the race, then please contact info@trailoutlaws.com or phone 07734309500 Tim in an emergency.

RACE INFORMATION

This is the 8th running of the Wooler Trail Marathon (The Beast). Without a doubt it is our most challenging and rewarding route.

We hope you enjoy it.

Please bring with you a smile and adventurous trail spirit. After all we do this for fun 😊

Most important of all, we want you to have fun and be safe.

So please read this document in full, as it will help to answer any pre-race queries and settle those nerves. It will also help us reduce our admin having to respond to questions and queries covered within this document.

As we simply do not have the time to respond to all queries in the lead up to the event.

RACE ROUTE

The route will be fully signed and marshalled. **Please note there is a small signed diversion for the start/end as one of the woods is still closed for access.**

We always spend a lot of time diligently marking out course' however on occasion these markings do get removed by dog walkers and locals so please make yourself familiar with the online route map available on the event website and maps provided here.

The route is straight forward in that it follows a natural clockwise loop on prominent paths. We will be spending a lot of time marking out the course with highly visible flags and signs.

A map of the route can be downloaded here.

MANDATORY KIT

The mandatory kit must be carried at all times during the event. You will be asked to sign a disclaimer to say that you have packed all the mandatory kit.

The kit has been on the website since entries opened so there are **no excuses** for not having the required kit. Random kit checks will be carried out and runners will be disqualified if they do not have all the kit.

This event takes place in a remote location where access to a large portion of the course is not possible by vehicles.

DNF / RACE CUTOFFS

Cut offs for the event will be strictly enforced throughout.

If you do not leave the CP by the cut off time you will be withdrawn.

Cut off times are in place to ensure the integrity of the event as a running race and as a safety and comfort measure for all those involved including the event volunteers manning the CPs.

Should need to withdraw yourself from the race please do so at an official CP. You must inform the RD ASAP of your withdrawal as we will be monitoring runners through CPs and if we do not account for a runner we will have to implement emergency procedures.

We cannot accept voluntary withdrawals at CP2 Rescue Hut unless this is in an emergency or injury situation. As we simply cannot just expedite you from this CP without taking event staff away from the area.

If after CP1 if you need to withdraw, you must carry on to CP4 Hethpool at 18 miles as there is no place to take you from the route before this. (no road access).

**** Please Note ****

If you withdraw from the event you may face a long wait to be transported to the finish area. Please bear this in mind when considering to carry on the event or not.

WOOLER YHA BUNKS

If you have booked one of the Bunks at Wooler YHA on the Friday night, could you please start arriving from 17:30, last arrival will be 23:00, after this we will shut up shop for the night (as we will need the sleep also).

Sheets and bedding are provided, but you will need to fetch your own towel.

We have access to the full kitchen facilities on the Friday evening and Saturday morning. Again on Saturday evening and Sunday morning.

FIRST AID & EMERGENCY

We have the full support of Northumberland National Park Mountain Rescue Team providing the First Aid cover at the event. They will be situated at the event HQ on route.

Should you require First Aid at any other CP or location please contact the RD or CP staff numbers at the top of this document. Have them saved to your phone in case of emergency for this event. We will then arrange for First Aid at your location.

If you find yourself or another runner in immediate need of emergency help (i.e. risk to life and limb, not just bumps and bruises), contact race HQ or CP staff or sweepers who will then arrange for help.

If this is not an option and you are on the route that is not accessible by a standard vehicle the Mountain Rescue procedures are dial 999 and ask for police and then Mountain Rescue.

Do not panic, stay with the runner, use the foil bags and extra layers to keep warm and calm.

Alert other runners who can go for help. Use your maps to see where you are to be able to relay your location.

We do not anticipate this will be the case, but it is very important that you all know these lifesaving procedures when in the hills.

ONE GOOD THING –OAT & PROTEIN BARS

We are delighted to announce that One Good Thing are proving Oat and Protein bars for our runners taking part in our event this weekend. Look out for a post race email that will include a discount code as well.

CHECKPOINTS

There will be 5 CPs on the Marathon Route.

4 standard CPs:

CP1 6 miles.

CP4 18.5 miles.

CP5 22 miles.

CP6 (extra CP) 27 miles.

These will have Water, Sweets & Coke Cola.

1 manned emergency CP:

CP2 Rescue Hut 12 miles. This will have emergency water and sweets. However this is for emergency use should it be required. You will need to fill your water provision at CP1 as your next standard CP is located 12 miles away, and there are no water sources to fill from during this time.

Please note that support is not allowed at Hethpool or Yeavinger Bell checkpoints as they are located on private access roads. There is a public car park at Hethpool village that is close to the race route.

<https://www.college-valley.co.uk/about-us/directionscollegevalley/>

Wooler Common car park is also a good point to catch runners near the end of the race.

FINALLY

That's all the what's, whys and wherefores covered. Thank you for choosing to run with us here at Trail Outlaws.

We look forward to meeting you all at Wooler. There is always a great atmosphere at the end of this race and this thanks to you and the marshals.

So now it's time to put your feet up, check your maps, triple check your kit, panic about your training, panic more about your training, check the weather forecast on the hour every hour for the next week, buy that anti chafing cream you've been meaning to get and finally read this document at least a dozen times.

These pocket-sized 100% natural bars are packed full of energy-boosting oats to keep you fuelled throughout your race. Simply pop a bar in your vest, and you're good to go!

Our event this year like all our Trail Outlaws and Dark Skies Run events is supported by SCOTT Running UK.
